

STEP LOCK

When it has to work.

Your property has just been upgraded!

Soon, you'll have the possibility to use your mobile phone as a versatile key that grants you access to the doors within your building.

Here is what you need to do:

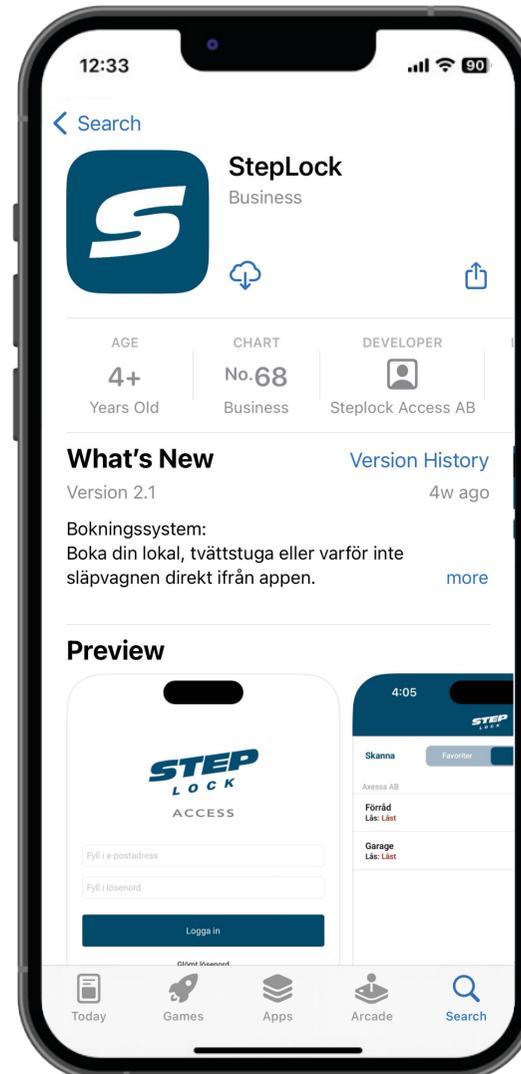

- Download the StepLock app from the App Store or Google Play.
- Create an account within the app.
- To create an account, you will need an activation code. You will receive this code via email from your landlord or building manager.
